

The first three screenshots show the sign-up and login processes. The sign-up screen asks for Name, Email Address, Password, and Confirm password, with a SIGN UP button. The login screen offers Employee or Customer options, Username or Worker id, and Password fields, along with Forgot password and Log in buttons, and CREATE NEW ACCOUNT and CONTINUE WITH FACEBOOK/GOOGLE buttons.

The next three screenshots show the main app interface. The top bar has a gear icon. It features a central green area with a leaf logo and the text "RECYCLEGRAM" and "Reuse the past, recycle the present; save the future". Below this are four green buttons: Waste disposal Request, Bio-waste disposal setup, Shop, and Mission & vision. A Helpline button is also present. The bottom right shows a "Request a pickup" screen with fields for Address, State, Phone number, Type of waste, and a camera icon for adding a picture. At the bottom are Home, Reschedule Pickup, and Status buttons.

The first two screenshots show the Biowaste section. The first has a "Request setup of Biogas plants" button. The second shows "Biowaste management at home" and "Vermicomposting at home - blog" sections.

The third screenshot shows the Sustainable Store section with categories like Recycled Paper and Books, Biodegradable Clothes, Cutlery and bowls, Carry bags, Cleaning Products, and Stationery Items.

The fourth screenshot shows the Vision & Mission section. The VISION part states the goal is to eliminate landfills and reduce waste through corporate responsibility. The MISSION part states the mission is to provide non-biodegradable waste management services and promote recycling.

The fifth screenshot shows the Settings menu for user Akshaya S, with options for Profile, Privacy, Notifications, Help, and About, plus a Log Out button.

The first two screenshots show the Helpline section. It includes a "Register a Complaint" button, "Talk to our executive" button, and "Chat with our Bot" button.

The third screenshot shows a "Connecting.." screen with a circular progress bar and a note about call recording.

The fourth screenshot shows the Chat Bot section with a conversation between the bot and a user asking about order updates.

The first two screenshots show the Settings menu for user Akshaya S, with options for Profile, Privacy, Notifications, Help, and About, plus a Log Out button.

The third screenshot shows the Pending Pickups section with a list of items: Plastic Pickup (XYZ house, XYZ address, XYZ town 9447xxxx), Broken Glass Pickup (XYZ house, XYZ address, XYZ town 9447xxxx), and Ewaste (XYZ house, XYZ address, XYZ town 9447xxxx). A Schedule Now button is at the bottom.

The fourth screenshot shows the Scheduled Pickups section with a list of scheduled items: Plastic Pickup (13/06/2021 [8PM]), Broken Glass Pickup (15/06/2021 [10 AM]), Ewaste (16/06/2021 [3 PM]), and Ewaste (16/06/2021 [3 PM]).
